

5

REASONS WHY PEFCU OUTSHINES BANKS

The PEFCU Difference

1.

YOU Own It

Publix founder George Jenkins (Mr. George) wanted Publix associates to own their credit union instead of going to a bank for financial services. As an owner, you benefit from PEFCU's success, enjoying better rates, fewer fees, and more free services than banks typically offer.

2.

YOU Earn More

Owning a credit union means you can earn more dividends than you can at a bank. At PEFCU, profits are returned to you through competitive savings and investment rates, and we offer other money-saving options, too.

3.

YOU Are Heard

At PEFCU, YOU are a decision-maker. We offer exclusive financial solutions that meet the needs of Publix associates and their families, and we support causes you care about the most.

4.

YOU Save More

PEFCU was founded to serve Publix associates and their families to save them as much money as possible. You'll pay less for financial services and get more free perks than you would at banks.

5.

YOU Have Easy Access

Like Publix, PEFCU is thriving, spreading to new communities, and still offering personal, first-class service with every interaction. No matter where you go, you can access 24/7 online and mobile banking services and nearly 30,000 surcharge-free CO-OP ATMs nationwide.
